Stall Day

The big day is here, and we want to make sure it runs like a dream! With our top layout ideas, set up tricks, and pro tips, you'll feel cool, calm, and ready to go when those students come rushing in.

Pages 9 - 10

Let's Good!

You've got this, we've got you, and together we're about to make some serious Father's Day Stall magic. Flip the page, grab a coffee (or two), and let's make this the best, and easiest, one yet!

PREPARATION

Getting organised is the secret sauce to a smooth, stress-free stall - and the best part? It doesn't have to be complicated!

At the heart of it all is the students - their excitement, their joy, and that little moment of pride when they pick out the perfect gift. So let's keep things simple, breezy, and fun while setting you up for success.

Think of this as your quick fact-finding mission - a P&C chat here, a past stall check there, and a couple of quick notes. That's all it takes to get everything rolling. And don't stress - if it's your first time running a stall, we've got you covered!

ESSENTIAL MUST-KNOWS BEFORE YOU GET STARTED

Before we dive in, let's talk big picture - what's the financial goal for your stall? We break it down into three simple approaches:

- Fundraising first You're here to maximise profits! Let's make sure your pricing and gift selection work towards that goal.
- **2** Experience first It's all about the fun for students, and fundraising is a bonus.
- The best of both worlds A balanced approach (our Smart Gift Ideas recommendation!).

Once you've got your goal in mind, head to Page 8, where we'll walk you through pricing your gifts in minutes - no guesswork required!

BUDGET & TIME - LET'S KEEP IT EASY!

Budget

No matter your budget, we'll make sure your stall stays fun and full of smiles. Just confirm your available funds, follow our process, and we'll guide you every step of the way.

Time

Running short on time? No problem! Our streamlined approach means prepping, selecting, and pricing gifts takes minutes, not hours — so you can focus on the fun parts of Stall Day!

THE THREE THINGS TO PLAN NOW (TRUST US, FUTURE YOU WILL THANK YOU!)

Logistics

- 1 Order early: Lock in your gifts by the end of June - or at the latest, by the end of July - to avoid missing out!
- 2 Delivery & unpacking: Plan where your gifts will arrive and when you plan to unpack so you are ready to go.
- 3 Stall Day set up: Schedule your Stall Day and related prep. Pages 9 & 10 will guide you through it all!

Research

A little research now = zero surprises later! Here's what to check:

- Shipping fees & delivery time frames.
- 2 Whether prices include GST.
- Minimum order quantities.
- 4 If products are sold in packs or specific assortments.

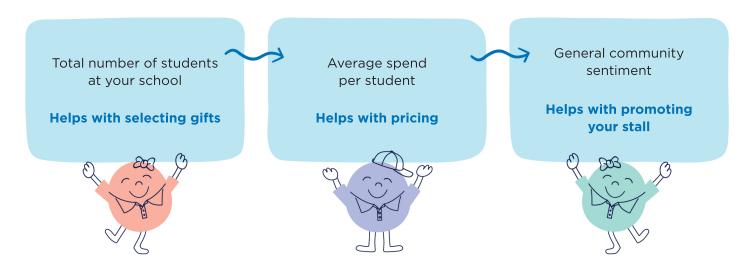

Check out our FAQs for our answers to \leftarrow the above!

KEY INSIGHTS

These quick numbers will help make your buying and pricing decisions a breeze:

SELECTING

Together we've done the legwork, ticked all the prep boxes, and now it's time to bring your stall to life with an amazing range of gifts!

But before we dive in, here are a few quick things to keep in mind:

Keep it simple!

Your stall doesn't need to be complicated.

Need help?

If you want more details on any of our suggestions, just reach out.

Trust the process!

Follow the steps below, and everything will fall into place.

CRUNCHING THE NUMBERS

Before you start adding gifts to your list, let's map out your buying blueprint - don't worry, we've made it easy! Here's an example:

1

Gift Bag Calculator

We recommend purchasing a Gift Bag for every student we'll explain why later! To calculate how many packs you need:

Number of students ÷ 12 (Gift Bags come in packs of 12)

> $200 \div 12 = 17 \text{ Packs}$ (rounded up)

2

Calculate Gifts Required

We recommend buying **1.5 gifts** per student to account for those eager little shoppers who want to buy more than just one! Here's the simple math:

Number of students x 1.5

 $200 \times 1.5 = 300 \text{ gifts}$ (round up if needed)

3

Your Budget Per Gift

Start by deducting the cost of the Gift Bags from your budget:

> $$1,500 - (17 \times $12) =$ \$1,296

Finally, calculate your budget per gift:

 $$1,296 \div 300 = $4.30!$ (round down to the nearest 5¢)

And just like that, your gift-buying blueprint is good to go!

NOW COMES THE FUN PART!!

With your gift-buying blueprint locked in, it's time for the best bit choosing your gifts!

Before we begin, here are a few quick things to keep in mind:

We recommend choosing 10 different gifts for your stall - trust us, this will all make sense when you see our Stall Day set up.

Here's the quick math:

Total gifts required ÷ 10 = Quantity per gift

In our example $300 \div 10 = 30$ units per gift

Our Gift-Buying Blueprint

Max spend per gift \$4.30

Number of gifts required 300

Number of aifts to choose 10

Units to buy per gift

O

WHAT SHOULD YOU BUY?

We get this question all the time, so we've made it easy:

Our formula goes like this:

J	2 x Gifts from Mugs & Glassware	Page 12
J	1 x Gift from Travel Mugs & On The Go	Page 14
J	1 x Gift from All About The BBQ	Page 17
J	1 x Gift from Photo Frames & Keepsakes	Page 18
J	1 x Gift from Tools & Car Essentials	Page 30
J	1 x Gift from Grandfather	Page 32

Text 'HELP' to 0487 094 302 with:

Your email Number of students Your budget

... and we'll draft an order for you!

Things to Keep in Mind:

Some products come in packs - double-check your quantities!

3 x Gifts from any other ranges that you feel

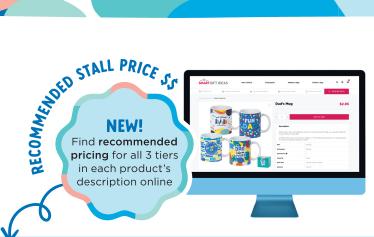

align with your community

- Bundle smaller items (like a pen + notebook) to match your spend per gift!
- Add Gift Cards to match your Gift Bags (if budget allows) they're a simple way to elevate the stall.

PRICING

One of our most common questions? "How much should we sell the gifts for?"

The answer depends on your goals and your community's expectations. But don't worry – we've got you covered with three simple pricing tiers to make Stall Day a breeze!

CHOOSE YOUR PRICING TIER:

Not Fundraising

If fundraising isn't your goal, this tier focuses purely on community engagement and the joyful experience of Stall Day - keeping costs low while making shopping a fun experience for students.

Tip:

Selling gifts at near cost requires a good float of gold coins and some quick math skills on Stall Day!

Fundraising

Got big fundraising goals?
This is your tier! Selling
gifts - or small bundles - at
\$10 or \$15 can quickly add
up, raising solid funds for
your school.

3

SGI Recommendation

The best of both worlds!
Displayed as RSP
throughout the catalogue,
gifts in this tier are priced
at \$5 or \$10 to keep things
simple while hitting your
fundraising goals.

On average, this tier helps you raise funds equal to approximately 50% of your total gift budget - giving you a great balance between affordability and profit!

NOW IT'S TIME TO SET YOUR PRICES!

Once you've chosen your tier, head to our website to look up your products. Each product listing includes recommended sell prices for all three tiers, making it easy to lock in your pricing!

Helpful Tips:
