BALD BY CHOICE

A man can choose to not have hair. A beer can choose to not have gluten. Neither choice makes either less man or beer; rather, better both become indeed through the arrogant confidence inherent in such bold personal choices for man and beer. This crossover ALL SIMCOE DDH GLUTEN FREE **PALE ALE** is an invitation to the world to join the movement: #BALDBYCHOICE!

RIP DICKEY B.

Founding member, though not eponymously, of those most famous brothers Allman, Dickey Betts rewrote melodic rock guitar rules with Duane, deceased 1971, and then in the lead until he was launched in 2000 over a conflict regarding amount of alcohol consumed per day personally. We honor him upon his recent death with this **BALTIC PORTER**, a deceptively black lager heavy on burnt sugar, caramel, and stone fruit notes, all rounded out with extensive lagering for an exceptionally smooth finish reminiscent of a *Fillmore East* finale. *Eat a peach for peace.*

HARKONNEN

Debittered black malt, dark crystal, and Pilsen malt birth our new malt-forward **BELGIAN BLACK ALE**, exhibiting notes of subtle chocolate and coffee with a more pronounced toffee, stone fruit, and marshmallow mouth vibe. The Belgian yeast adds a subtle tartness, nice spiciness, and balanced fruitiness. *Decadent gasbag Baron Vladimir's favorite beer.*

JUDAS ISCARIOT

The first flavours in our **MIXED CULTURE GOLDEN SOUR** that emerge are KEY LIME + SEA SALT, mildly sour with a nice bit of tartness befitting its namesake and its *brettanomyces* + saison yeast structure, the living tank of which will be gloriously continuously updated as our JUDAS SOUR SERIES slouches toward Berrien to be born.

TINDERELLA

Crowd-favorite **Crème Brûlée Blonde Ale** swipes right to a deep gold, almost caramel-in-color beauty, reminiscent of the charred vanilla top adorning this beloved dessert.
