

Nature in daily life

The logo consists of two lines of stylized text. The top line, 'MAN &', is in a green color. The 'M' is composed of two vertical bars and a horizontal bar at the top. The 'A' is a simple triangle. The 'N' is a vertical bar with a diagonal stroke. The ampersand is a simple, rounded shape. A registered trademark symbol (®) is to the right of the ampersand. The bottom line, 'WOOD', is in a dark brown color. The 'W' is composed of two vertical bars and a horizontal bar at the top. The 'O' is a simple circle. The 'D' is a vertical bar with a semi-circle on the right. The 'O' and 'D' are connected.

Company Brief

INMOK Co., Ltd. was established as a manufacturer of furniture and wooden interior products using professional technology in dealing with wood. With its technologies and skills, INMOK launched a new brand, man&wood® products are not only unique, but also eco-friendly. This fits in perfectly to reach our goal, which is to make people feel the nature in their daily lives.

We are currently exporting our products to USA, Europe, and Asia to satisfy the customer's needs and demands and expanding our business all over the world. We are striving to develop new designs and innovative models using unique materials to meet various needs of the customers.

The man&wood® story

man&wood® designs eco-friendly products that combines genuine quality wood materials and modern design artistry. man&wood® products are the perfect blend of nature and human, as well as traditional and modern materials to offer beautiful and sensible designs that connects nature to our daily lives.

man&wood® products are made from an eclectic set of high quality natural wood materials from all around the world featuring diverse colors, patterns and textures that can be vividly seen and felt. Each product is always unique due to the natural wood grains.

man&wood® places careful attention to creating sensible designs that balance lifestyles and the preciousness of nature and wood. Our products represent the best in class in preserving the natural beauty and textures of wood while also offering functionality.

man&wood® products also offer positive advantages of reducing electromagnetic waves as well as heat releasing characteristics through the technical blending of materials that are beneficial to the user and their mobile products.

man&wood® considers environmental sustainability as a core philosophy. Our products are designed to provide sleek and modern looks while using the optimal combination of wood and eco-friendly finishing materials in order to do our best to co-exist with Mother Earth.

▮ Premium Wood Design

man&wood is a wood specialty brand that has been thinking only about wood materials for 20 years. We visit 45 countries overseas to select and import only the best trees one by one. man&wood's 500 species of wood are produced and processed in an environmentally friendly way and are harmless to the human body.

▮ Elaborately handcrafted

It is a MADE IN KOREA product that is carefully handmade from development to process by artisans with over 20 years of experience and technology.

▮ Sustainable by Nature

We use FSC-certified wood in our products, which means sustainable forestry that prevents deforestation, with a focus on having a positive effect on animals, nature and people instead.

▮ You Order We Plant A Tree

Join us in protecting the planet with every purchase. Tree Planet is a social innovation company that plants a tree to increase the value of the society. man&wood and Tree Planet create a meaningful and growing forest with consumers who purchase our product.
