PRAYER TO THE BLESSED
Virgin (never known to fail). Oh, most beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh, Star of the Sea, help me and show me, herein you are my mother. Oh, Holy Mary, Mother of God, Queen of Heaven and Earth! I humbly beseech you from the bottom of my heart to succor me in this necessity. There are none that can withstand Your power. Oh, show me herein you are my mother. Oh, Mary conceived without sin, pray for us who have recourse in Thee. (Three times.) Holy Mother I place this cause in your hands. (Three times.) Holy Spirit, you who solve all problems, light all roads so that I can attain my goal. You who gave me the divine gift to forgive and forget all evil against me and that in all instances, in my life you are with me. I want in the short prayer to thank you for all things as you confirm once again that I never want to be separated from You in eternal glory. Thank You for Your mercy towards me and mine. The person must say this prayer 3 consecutive days. After 3 days, the request will be granted. This prayer must be published after the favor is granted. A.M.

About Bunnies

We are adorable, it's true! Did you know bunnies live an average of 10 years? And we make terrific house pets. We will even use a litter box just like your cat, except our box needs hay! However, the best time to bring a new bunny into your home is a few weeks AFTER Easter. Sadly, sometimes people buy bunnies for Easter; then they realize that, like any pet, a bunny needs care and a commitment. So if you want a bunny for Easter, please make it a stuffed bunny or a chocolate bunny! If you want to give a forever home to a bunny, check your local shelter a few weeks or months AFTER Easter!

GARDEN TIPS

The “Buzz” about Native Plants

By Carol Schroding, Gardening Enthusiast and former owner of Northeast Native Perennials

Over the past three weeks we have looked at eight of the spring ephemerals that are native to our area. This week we will wrap up and look at three more of these beauties. All of these plants are woodland/forest floor plants, so plant them where they will receive shade in summer!

Shooting Star (*Dodecatheon meadia*) with its very unique flower, ranges in color from white to purple or pink. In the northernmost parts of its native range the color tends to be darker and graduating to lighter color in the southern portions of its range. It prefers moist soil in the spring but will tolerate drier conditions in the summer while it is dormant.

Another sweet ephemeral is Rue **Anemone** (*Thalictrum thalictroides*). This diminutive (6-8 inches) native wildflower has small white flowers with 5-10 petals (usually 5-6); each flower on its own stem above dark green, three-lobed leaves.

Finally, **Spring Beauty** (*Claytonia virginiana*) is an important early source of pollen and nectar for native bees. Just 4-6 inches high, it boasts flowers that appear pink from a distance, but a closer look reveals a white flower with pink stripes. Leaves are lanceolate, about 2-5 inches long.

Next time: Early blooming native perennials for your garden!

Easter Banner Question not required to win -- Just for fun: _____

This is the bunny you must find, but this one does not count

And, just for a little more Easter fun...

Noel L., an employee of Penny Power, is an exceptionally talented artist who colored our banner for fun. We all loved it so much that we wanted to share it with you!

Sometimes we can look at exactly the same thing as our friend, yet see something totally different! So, you tell us in the extra blank above -- is it a cream-filled candy Easter egg with a bite taken out of it, or is it a cottontail backside of a bunny?
