DENNISON**

MAKING POSSIBLE™

Introduction

Welcome to the September 2026 Product Services Guide. This Guide was created to provide you with a single document to inform you of the core product portfolios of Avery Dennison Label and Packaging Materials Australia.

Item	Facestock	Adhesive	Liner	Service Program	Width (mm)	MOQ (m ²)	Length (m)	Stocking Location	Sustainable ADvantage	Comments
F12828.1525	*HIGH GLOSS WHITE FSC	S2049	BG40WH N	FULL DECKLE	1525	1525		VIC QLD	 Adhesive is manufactured with at least 30% biobased content	
				EXACT		500	2000	VIC QLD		
				READY WIDTH	↓	500		WA		
F12822.1525	*HIGH GLOSS WHITE FSC	C2075	BG40WH N	FULL DECKLE	1525	1525		VIC QLD	 Adhesive is manufactured with at least 30% sustainably certified biomass	
				HALF MASTER	762	762	1000	VIC QLD		

How to read the Product Services Guide

- Item:**
The item number identifies the product on your delivery documents and invoices.

Facestock:
Identifies the facestock used in the construction.

Adhesive:
Identifies the particular adhesive used in the construction.

Liner:
When liner codes end in the letter 'N' this signifies a nil imprint. PET liners never have a backprint.

Service Program:

 - FULL DECKLE
Signifies the product is sold with the complete web width and the minimum length of 1000 metres. The trim will be charged, but not dispatched unless requested on your purchase order.
- EXACT
Items are sold in any width with fixed lengths that vary for each program.

- Ready Width
Offers slit rolls in set widths and lengths. See Ready Width section for details.

- Half Master
Reduces the minimum order quantity (MOQ) by half. Half Master of a 1525mm wide item allows you to purchase from a master that is only 762mm wide by 1000 metres.
- Width (mm):**
Identifies the available width(s)

MOQ (m²):
All orders must meet Minimum Order Quantity. SQM is determined by multiplying width by length.

- Length (m):**
Identifies the length in lineal meters, offered in a service program
- Stocking Location:**
The AD site the product is stocked in
- Sustainable Advantage Products**
Indicates the Sustainable ADvantage categories that the product falls under. See page 4 for more information.
- FSC® certified facestock or liner
- * Only the products identified as such count with Forest Stewardship Council® certification.

Comments:
This column will also highlight any notice of impending change to the final facestock, adhesive or liner.

Additional Service Programs

- Mix and Match**
Avery Dennison has the capability to produce custom products to meet your requirements. Please contact your Avery Dennison representative to discuss the possibilities of unique product constructions to meet your requirements.
- Indent**
Sea freight or Airfreight options are available in order to meet your requirements. Please refer to your Avery Dennison representative for further information.

Product Services Guide

Enables Recycling, Reuse or Compostability

What we use can be used again.

Solutions that enhance recyclability and enable reuse and recycling of packaging as well as the recycling and composting of label waste

Reduction in the use of materials

Use only what is necessary.

Thinner facestock, adhesive, or liner that uses less raw materials to be manufactured

Contains recycled content

Give a second life to what has already been used.

Facestocks and liners that include post-industrial waste or post-consumer recycled content

Responsibly sourced

Products sourced from a supply chain that shows care for people and the environment.

Film made from renewable alternatives and paper certified by FSC® or other organizations

Commercial Terms & Conditions

Any exceptions to the standards are subject to an upcharge unless otherwise noted

Minimum Order Quantity and/or Value

All orders must meet Minimum Order Quantity. SQM is determined by multiplying width by length.

GST

All prices quoted are excluding GST. GST of 10% will be added to all Australian invoices.

Service Policy

Business Support Team hours are Monday to Friday, 8.00am to 5.00pm AEST. The office is closed on Australian Public Holidays.

All orders received prior to 2.00pm AEST will be dispatched the following day.

Please refer to Transit Lead Times to calculate interstate deliveries.

Please note that all orders should be received via e-mail as we cannot accept phone orders.

WA orders	Deliveries from Melbourne:	Cut-off time is 2:00pm AEST each Monday, for a Tuesday dispatch, and 2:00pm AEST each Thursday, for a Friday dispatch.
	Deliveries out of Perth:	There is a 10:00am (Perth Local Time) cut-off time for all same-day dispatches out of Perth. Orders after 10:00 am will be dispatched the following day.
Indent Products	Sea Freight orders for all states delivery within 12-19 weeks*.	
Non stocked product codes supplied only on confirmed order	Availability and manufacturing lead times to be confirmed with Business Support Team.	

Delivery Charges

No delivery fee will apply on shipping to a single metropolitan customer branch. A fee will apply:

- if an urgent delivery is requested
- delivery is requested to non-metropolitan destinations

The Customer can choose to book and pay for a courier to pick up their goods. This needs to be arranged with Business Support in advance.

No deliveries will be made to alternative locations without prior authorisation from Avery Dennison.

Transit Times for Interstate Deliveries

Destination	Days from Melbourne DC	Days from Brisbane DC
Adelaide	1-2	3-4
Brisbane /Gold Coast	2	same day/ next day
Canberra / ACT	2	2
Melbourne	same day/ next day	2-3
Perth	4 (Tue & Fri trucks)	6
Sydney	1	1
Auckland	2 weeks	2 weeks

All interstate deliveries will be made by close of business, 5.00pm.

Transit times to non metropolitan areas will incur longer transit lead times.

Should you require further clarification, please contact our Business Support Team.

Commercial Terms & Conditions

Re-stocking Fee

There is a \$50.00 AUD fee per roll to re-stock customer orders that were placed incorrectly at the time of ordering (customer error). This fee covers the cost of collecting the goods and delivering a new order. Product must be un-opened, in the original packaging, and a Goods Returned Docket must accompany all returned items. Acceptance of return will be at the discretion of Avery Dennison.

Product Quality Complaints

An Avery Dennison Quality Complaint Form must be filled out and a sample and/or photographs of the product sent to Avery Dennison within 15 days of the complaint occurring. No Returns or Claims will be accepted on packaged or partially consumed products that have exceeded their shelf life.

Product Changes

Avery Dennison reserves the right, without liability to the CUSTOMER, to discontinue or limit the manufacture or sale of PRODUCTS, to make any technical, material, colour or design changes in PRODUCT, add new and additional products to its line, substitute such altered products for the prior PRODUCTS in filling orders and/or change its sales and distribution policies, after giving the CUSTOMER appropriate notification, in advance thereof.

Prices

The prices at which the PRODUCTS shall be sold to the CUSTOMER shall be the prices as set forth in the PRICE LIST. All prices are in Australian Dollars unless otherwise stated. Avery Dennison's standard terms and conditions of sale shall apply to all sales hereunder, as set forth on Avery Dennison's invoice and upon request, and as may be subsequently modified by Avery Dennison, except to the extent expressly inconsistent with this Agreement.

Orders and Delivery

The parties may use their normal commercial forms in placing and acknowledging orders hereunder. Any such forms shall be used for convenience only and any terms or provisions which may be contained therein inconsistent with or in addition to those contained herein, other than provisions specifying the quantity and type of PRODUCTS ordered, requested delivery dates and invoicing and shipping instructions, shall have no force or effect whatsoever between the parties. Shipping dates given prior to actual shipment shall be deemed to be estimates only. A purchase order number is required on every purchase order request.

Confidential Information

All information designated in writing by Avery Dennison as being confidential or proprietary shall be received and held by the CUSTOMER in strict confidence and shall not at any time be disclosed to others, used for the CUSTOMER's benefit or the benefit of others or in any manner detrimental to Avery Dennison.

Force Majeure

Avery Dennison shall not be liable for any loss, damage, delays, changes in shipment schedules or failure to deliver caused by accident, fire, strike, riot, civil commotion, insurrection, war, the elements, embargo, failure of carrier, inability to obtain transportation facilities, government requirements, acts of God or public enemy, prior orders from others or limitations on Avery Dennison's or its suppliers' products or marketing activities or any other cause or contingency beyond Avery Dennison's control.

Non-waiver

Avery Dennison's (a) failure to insist upon strict performance of any of the terms or conditions, (b) failure or delay to exercise any rights or remedies provided herein or by law, (c) failure properly to notify the CUSTOMER in the event of breach or (d) acceptance of payment for any PRODUCTS sold hereunder, shall not be deemed a waiver of any right of Avery Dennison to insist upon strict performance hereof or of any of its rights or remedies, or as to any prior or subsequent default hereunder.

Imported Container Charges

Avery Dennison offers our customers the option to import full container loads of label material direct to a specified warehouse. Under this service arrangement, charges relating to the shipment, unloading and cleaning of containers are the responsibility of the customer. Charges additional to shipment can include, but are not limited to:

Detention

Detention is a fee charged for the use of a shipping container outside the port terminal. Consignees are permitted a limited number of free days starting from when the container is available from the port (these will vary depending on the carrier and location but are typically 8-10 days). Detention starts when the full container is picked up from the terminal, continues during its delivery to the consignee, and ends upon return of the empty container to the container yard.

Detention charges are billed per container per day and will vary depending on carrier, location and container type. This cost can range between \$175 - \$250 a day and will increase incrementally, for example: 1-5 days may cost \$200, increasing to \$250 for 6-10 days

Cleaning

A container cleaning fee may be charged by shipping lines to consignees for cleaning a container after it has been imported and returned to the container depot. Desiccant bags and the rings they hang on must be removed from the container before it is sent back, otherwise the consignee may be charged by the shipping line once they receive the container back. These charges are typically between \$80-\$85.

Waiting time

Fee for holding up a delivery driver. Consignees are given 1 hour free for a delivery driver once on site. If the delivery driver is held up 25 minutes over 1 hour the consignee will be charged. This charge can range anywhere between \$120-\$130 per hour.

Futile Trip

This fee is incurred when an empty container is not available for collection upon arrival of the cartage vehicle at the consignee's premises. This may be because the container was not ready at the time of pickup or the driver could not access the container.

Operational Terms & Conditions

Any exceptions to the standards are subject to an upcharge unless otherwise noted

Mix and Match Ordering Guidelines

Talk with your local Avery Dennison representative to find an emulsion Mix and Match solution
Different MOQs and lead times apply, pending agreed product selection

Core Diameter

76mm

Splice Standard

Maximum:

- 500 lm – 0 splice
- 1000 lm – 1 splice
- 1500 lm – 1 splice
- 2000 lm – 2 splices
- 3000 lm – 3 splices

Minimum Distance Between Splices and to Start/End of a Roll

200 lm

Splice Tape

- Top tape 24mm wide red
- Middle tape 19mm wide clear
- Bottom tape 36mm wide red

Splice Configuration

3 part splice is standard

Splice Indication

Number of splices recorded on cheese label, located on the side of the roll

Offcut Disposition

Offcuts less than 90 mm are scrapped, customer will be charged

Slit Width

- Minimum slit width is 90mm
- Maximum slit width is 1524mm

Slit Roll Width Tolerances

- Full width tolerance +/- 2mm
- 1mm +/- each side

Roll Length Tolerance

- Roll length tolerance +/- 10%
- Minimum standard roll length 1000lm

Minimum Roll Length

Metre wide items in the Half Master program are sold in lengths of 500 metres or greater

Maximum Roll Length

Approximately 4500 linear metres depending on each product

Total Order Quantity

Orders supplied +/- 10%

Packaging Method

- Rolls less than 1500lm will be 'Chimney Stacked'
- Rolls greater than 1500lm will be packaged with the 'Roll On' Style

Roll Tag Labels

Roll label on outside of roll with 1 core label in core

Separate Sizes by Width

One width size per stack, will segregate sizes within stack if less than sufficient quantity

Pallet sizes

- Size 770mm x 1050mm
- Size 1200mm x 1200mm

Pallets and Chocks

Remain the property of Avery Dennison and are to be returned. Coordination of return is the responsibility of the customer

Maximum Stack Height

1 metre

Minimum Order Quantity

- Standard MOQ is 1000 lineal metres of the full web width. Specified programs like Half Master, Ready Width & Exact have different MOQ's
- Standard products only, not custom make or indent

Custom Make Products

Refer to Avery Dennison representatives for business rules

Returns / Claims

- Should be made within 30 days of receipt of material
- Avery Dennison approval required before material is picked up

Material Quality Matters

- Material is to remain at customers pending testing/evaluation
- Roll label details to be provided to Avery Dennison and full justification of any amount
