GARDEN TIPS

The "Buzz" about Native Plants

By Carol Schroding,
Gardening Enthusiast and former owner
of Northeast Native Perennials

Using Plugs (Young Perennial Plants)

What are plugs? What are the pros and cons of using them in your landscape?

A plug is a young perennial plant, usually less than a year old with a healthy root system grown in plug trays standard size being 11" x 22". Trays are also referred to as flats. The lower the number of cells in the tray, the larger the plugs. When the cell is filled with roots, the plug is considered ready for planting.

Up until recently, plugs were familiar mostly to wholesale growers and others in the nursery trade. Increasingly, they are becoming available retail to the public. This is good news especially if you have a large project planned such as a rain garden, meadow or a public space you are helping with. Check out Izel Native Plants online. (Izelplants.com)

What are some of the benefits of using plugs? Number one is the cost... probably the most inexpensive way to plant a large number of perennials in your garden. The cost of potted perennials (generally in quarts or gallons) have increased significantly over the past 4-5 years.

The size of the plug is a plus, especially if you are planting among tree roots for example and only needing to dig a smaller hole. They can be planted with a bulb planter, trowel or an auger for large numbers.

What are the drawbacks? Plugs are generally sold in flats of one species of plant. So, if you cannot use 32 or 50 of one type of plant, maybe split with a friend or a few friends. A few retail native plant online companies offer "mix and match" trays which are basically plugs. This is a wonderful opportunity to get a variety of plants in one tray!

Plugs are "raring to grow" when you get them, but they do need a little more attention when it comes to watering. The plug itself will dry out more quickly than the soil around it, so once planted, stick your finger in the soil next to the plug to feel the plug. Checking them daily for the first week for signs of stress or drying out is a good idea and keep them moist but not overwatered. Within 4-6 weeks the roots should be growing into the surrounding soil, and you won't have to keep such a close eye on them.

PET OF THE WEEK

SPANKY

Meet Spanky!
Spanky, a 3-year-old, 40-lb. hound mix, is a lively, curious boy with a bright personality and plenty of enthusiasm for the world around him. While he loves to stay busy and explore, Spanky is affectionate and enjoys connecting with his people. As he settles in and builds trust, his sweet side really starts to shine, and he enjoys attention and companionship just as much as activity. If you're looking for a dog with personality, heart, and a fun-loving spirit, Spanky is ready to keep you smiling every day.

Spanky's adoption fee is \$350 (not including tax), which means he is neutered, up to date on core vaccines, microchipped, kept on monthly preventions, and dewormed. If you are interested in adopting any of our animals, please fill out an application on our website: lastchanceranch.org. PA Kennel License #4518

Last Chance Ranch® (LCR) provides a safe refuge for abused, unwanted or neglected animals. Last Chance Ranch® (LCR) is a non-profit 501(c)(3) organization dedicated to rescuing and rehabilitating equines, farm animals, and domestic companion animals. LCR also offers follow-up programs for adopters, educational seminars, and clinics. Learn more at lastchanceranch.org.

**CONGRATULATIONS TO UPPER BUCKS COUNTY TECHNICAL SCHOOL
FEBRUARY 2026 STUDENT OF THE MONTH - CRISTAL TORRES - DENTAL CAREERS**

Congratulations to Cristal Torres for being our February student of the month. Cristal is a Pennridge Senior in our Dental Careers Program. Cristal decided to come to UBCTS because her friends told her the hands-on teaching was a great way to learn. She came here in 10th grade, originally interested in Health Care, but it was already full. She went to Dental Careers instead and never looked back. She is happy with that decision, as dentistry is now her passion. She wants to make her family and teachers proud, which is why she always tries her best.

Speaking of making her family proud, she credits her family with supporting her. She says her mom is always nagging her about grades and staying on the right path — something she says is annoying but also very much appreciated. Her brother is her rock, her strong role model, and her sister is the jokester and fun-loving person in the family. All of these combined made a great support system for Cristal.

Cristal credits Ms. Bowen for believing in her and continuing to challenge her in the classroom. Last year, Cristal took and passed her radiology exam, which is a huge feat for a dental student. One of her favorite moments at Upper Bucks was when the class went to the Greater New York Dental Convention last year. Here, Cristal met with dental hygiene representatives and hiring managers and saw the latest and greatest equipment. She also believes that working at her co-op job at Pennridge Family Dentistry has helped her grow in this field. And she credits her mentor, Adele Schaffert, for being a big part of her transformation.

After graduation, Cristal plans to attend Bucks County Community College's North Montco campus for the Dental Hygiene program.

Her interests include spending time with her friends, exploring new places, and, of course, her cat, Flow Key.

Her long-term goal is to be a dental hygienist in a privately owned business. She plans to stay local but get her passport to travel the world. And also to see crystal blue ocean water instead of the Jersey shore. Congratulations, Cristal!

On behalf of the Perkasie and Quakertown Rotary Clubs, David DiRenzo presented a Certificate of Congratulations and a monetary gift to Cristal at the event.
