BIDS

BIDS

Bidding on lots has never been easier. Goudwisselkantoor offers you various options for bidding, such as via the internet, in writing or directly in the hall. Read more about our bidding options below. If you have any further questions, feel free to call us on 0186 746 746.

BEFORE THE AUCTION

In the days prior to the live auction, during the so-called 'pre-bid' period, you can place bids on your favourite lots at your leisure. You can do this until the moment the live auction starts and the relevant session begins. During the prebid, you can bid in writing or online.

You can submit a written bid using the bid form, which can be downloaded from our website. Please fill in this form as completely as possible and send it to us by post or email. Written bids must reach us at least 24 hours before the start of the auction concerned, otherwise we will unfortunately not be able to process them.

To bid online please do as follows: log into our website using your email address and password and go to the lot. Enter your bid and confirm; when entering your bid, you have the choice between auto bid or a normal bid. An auto bid allows you to enter the maximum amount you want to bid. This bid is saved and causes the system to automatically bid for you until your maximum is reached. The system will only increase your bid if you are outbid by someone else and only up to the maximum amount you entered. So you remain the highest bidder, without having to follow the auction closely. Would you rather make a single bid on a lot? You can do so by placing a 'normal bid' that will be placed immediately. If you are outbid, you will be notified by email. Lots you have bid on will appear in your account dashboard under the heading bids, giving you a handy overview of all your bids.

DURING THE AUCTION

For those who want to bid live during the auction, three options are available. You can bid physically in the hall, participate live online or bid by telephone.

Physical bidding in the auction room? For this, you will need a bidder number. You will need to request this at the front desk. When you have won a lot and the auctioneer asks for your bidder number, you must hold up your bidder number so that it can be noted.

Bidding via the internet - if you are unable to physically join the bidding in the action room, you can follow the auction live via the internet. A live stream of the auction room will be broadcast on our website, so you can listen in and bid along with the room. Make sure you are ready and logged in on time if you want to bid along live, the live auction can be very fast. If you have entered an auto bid beforehand (during the prebid), the live auction will automatically bid for you up to your maximum. If you are outbid with your maximum bid, you can of course place a higher bid live to obtain the lot.

Please note: during the pre-bid period you will be emailed if you have been outbid, but not during the live auction!

Telephone bidding - If you wish to participate in bidding by telephone, we will reserve a line for you and call you as soon as the lot in question is auctioned. To register for telephone bidding, you must 1. register on the website (if you do not yet have an account with us) and 2. request telephone bidding by email. In the email, please state the telephone number you wish to be called on and the lot numbers you wish to bid on.

AUCTION TERMS AND CONDITIONS

The sale is made in cash, by debit/credit card or via bank transfer. For the categories silver, jewellery, watches, gemstones, arts and antiques, the buyer's premium is 29.5% of the hammer price, including VAT. For coins and banknotes, the buyer's premium is 22.5% including VAT. If applicable, resale right will be calculated and charged (see article 9). Sold lots need to be paid for within 7 days and will only be released for collection or shipping when paid. After each session and auction, buyers are given the opportunity to pay for and collect their purchased goods. Collection is possible from Monday to Friday, from 9:00 - 16:30 and the final date for collection is 10 days after the last auction day. Apart from collection, lots that have been paid for can be shipped to the buyer upon request. For the categories silver, jewellery, watches, gemstones, arts and antiques, shipping is executed by designated external shipping partners of AuctionNL BV - AuctionNL BV does not ship these goods directly to the buyer. Coins and banknotes are the only exception and can be shipped (tracked and insured) by AuctionNL BV directly, at the risk of the buyer (see article 8).

Article 1 Applicability

- 1.1 These general auction terms and conditions are applicable to all auctions organized by AuctionNL BV, unless explicitly stated otherwise in a catalogue or communicated at the start and during an auction.
- 1.2 Any deviation from these general auction terms and conditions is only valid if it is agreed in writing between AuctionNL BV and the buyer.
- 1.3 The applicability of the auction terms and conditions is made known to visitors to the auction through publication via the internet, by the registration of the auction participant and on the AuctionNL BV website. Furthermore the auction terms and conditions are also available for inspection in the auction house. Everyone participating in an auction is consequently aware of the applicability of these terms and conditions and fully accepts them.

Article 2 Information and inspection obligation

- 2.1 Descriptions in the catalogues and all written or oral information is provided to the best of the knowledge of AuctionNL BV and its staff.
- 2.2 Prior to purchasing, the buyer should inspect the condition and the description of an object in the catalogue or via internet accurately and expertly and so form his/her own opinion about the extent to which the object matches its description. If specific shortcomings or defects are stated in the catalogue or on the internet, they are only intended as an indication and not as an exhaustive description from which the buyer cannot derive any rights.
- 2.3 AuctionNL BV accepts no responsibility for the accuracy of the description in the catalogue or for any inaccurate (oral) statements, except for those specified in article 6 of these terms and conditions.
- 2.4 The circulation figures and further particulars provided by Veilinghuis De Ruiter are obtained from internationally known catalogues, professional literature, etc. We regard this data to be reliable, however we do not accept any liability if the contrary turns out to be the case.
- 2.5 It is the responsibility of the buyer to investigate before the purchase if there are any additional levies or import tariffs applicable to the purchase. Auction NL BV cannot be held responsible for informing the customer about such matters. It is the responsibility of the buyer to inform themselves of any possible additional costs that may apply upon import of the purchased goods.

Article 3 Bidding

- 3.1 Bids can only be made in Euros.
- 3.2 The buyer can bid in person. The buyer also has an opportunity to bid by placing a written commission bid (purchase order). These written bids can be entered on www.veilinghuisderuiter.nl. Other bidding methods, such as commission bids via internet or oral bids, are only available if they have been offered explicitly by AuctionNL BV.
- 3.3 Written commission bids (purchase orders) need to be placed with AuctionNL BV 1 working day before the auction date. In the opinion of AuctionNL BV, these need to be unambiguous and clear. AuctionNL BV can refuse written commission bids without giving a reason.
- 3.4 AuctionNL BV can demand a guarantee deposit up to a maximum of 30% of the written commission bid from the one who has placed such a written commission bid. The guarantee deposit is returned to the bidder if he is not the buyer. The guarantee deposit is settled with the

purchase sum to be paid if the bidder is the buyer.

- 3.5 If AuctionNL BV receives multiple written or online commission bids where the amounts to be bid are the same and these bids are the highest bids for the object then the object shall be sold to the person whose bid was received first by AuctionNL BV.
- 3.6 If AuctionNL BV receives multiple commission bids for different amounts either in writing or via internet then the bidding is opened with the amount of the highest bid, either written or via internet.
- 3.7 The submitter of a written commission bid must ascertain from AuctionNL BV him- or herself whether his/her bid was ultimately knocked down.
- 3.8 The objects are auctioned to the highest bidder unless explicitly stated otherwise prior to the start of the auction.
- 3.9 AuctionNL BV rejects all liability for whatever reasons for the non-success of a written bid or a bid made via the internet.
- 3.10 The auction takes place by means of increasing bids: to 70 euro bids in increments of 5 euro, between 70 and 200 euro in increments of 10 euro, between 200 and 500 euro in increments of 20 euro, between 500 and 1500 euro in increments of 50 euro, between 1,500 and 3,000 euro in increments of 100 euro, between 3,000 and 10,000 in increments of 200 euro, between 10,000 and 20,000 euro in increments of 500 euro, between 20,000 and 40,000 euro in increments of 1,000 euro, between 40,000 and 100,000 euro with increments of 2,000 euro, between 100,000 and 250,000 euro with increments of 5,000 euro and more than 250,000 euro in increments of 10,000 euro. The auctioneer has the right to deviate from these amounts. AuctionNL BV has the right to round up amounts for bids received in writing which do not fall within these scales. The minimum sum that can be considered as a 'bid' is 5 euro.

Article 4 Conclusion of the purchase agreement

- 4.1 The purchase is concluded with the definite knocking down to the highest bidder (buyer). The definite knocking down occurs when AuctionNL BV has accepted the bid from the buyer or has knocked down the object to the buyer.
- 4.2 If more than one person believes that he/she is the buyer then AuctionNL BV decides about the knocking down or the bidding is reopened.
- 4.3 All objects are sold in the condition in which they are at the time of knock down.

Article 5 Obligations of buyer

- 5.1 The buyer is considered to have bought for himself and is liable for the payment without the need to refer to a client (principal).
- 5.2 The rights and obligations under the purchase agreement and these general terms and conditions apply exclusively to the buyer and cannot be transferred to third parties.

Article 6 Take-back obligation

- 6.1 Unless explicitly excluded for specific objects in the catalogue or lot list and without prejudice to articles 2 and 4, AuctionNL BV is prepared to take back an auctioned object with the simultaneous refund of the purchase price charged if the buyer, within a period of 14 days from the date of the sale, can demonstrate to the satisfaction of AuctionNL BV evidenced by a generally recognized expert that the auctioned object exhibits such serious hidden defects, that the description provided is so inaccurate or is not authenticated to the extent that if these defects or the accurate description was known to the buyer at the time of knocking down, the buyer would not have concluded the sale or would only have purchased at a substantially lower price. This does not apply if the defects only concern the condition of the object (such as, for example, wear and tear and restoration).
- 6.2 The take-back obligation can be extended for objects for which an examination is desired. In that case AuctionNL BV needs to be informed of it within 14 days of the completion of the auction, under statement of the objects to be examined.
- 6.3 AuctionNL BV is not prepared to take back an object if the description in the catalogue was retracted prior to or during the auction and the public were informed of the correct description either orally, in writing or via email.
- 6.4 The preparedness to take back also lapses if the buyer cannot return

the auctioned object in the same condition (in the opinion of AuctionNL BV) that it was in at knock down.

Article 7 Rights

- 7.1 AuctionNL BV reserves the following rights:
- without stating a reason, the right to refuse persons as bidder, visitor or buyer;
 - to make changes to the order of sale at any time;
 - to drop or add objects;
 - to combine or split lots;
 - not to award or hold up lots;
 - to remedy mistakes in bids and knock downs or to cancel a purchase without a bidder being able to make use of them and in that case may invoke a purchase agreement that has been made;
 - after knocking down to immediately claim full payment whereby, in the event of refusal or inability to pay, AuctionNL BV has the right to revoke the purchase agreement and then to re-auction the object concerned and then not to retake the bid of the negligent bidder;
 - not to hand over any objects during the auction;
 - to re-auction objects about which a dispute has arisen during or shortly after the auction and to revoke any purchase agreement.
 - AuctionNL BV has the right to change the lot number order.

Article 8 Payment/transfer of ownership

- 8.1 The sale is made in cash, by debit/credit card or via bank transfer. For the categories silver, jewelry, watches, gemstones, arts and antiques, the buyer's premium is 29.5% of the hammer price, including VAT. For coins and banknotes, the buyer's premium is 22.5% including VAT. If applicable, resale right will be calculated and charged (see article 9). Sold lots need to be paid for within 7 days and will only be released for collection or shipping when paid.
- 8.2 The payment of the purchase sum by the buyer must take place before the delivery of the sold objects and within a term to be specified by AuctionNL BV, without discount or settlement being permitted, unless agreed otherwise.
- 8.3 Objects purchased via a written or online commission bid (purchase order) should be paid for within 7 days of the invoice date.
- 8.4 The ownership of the objects changes hands after the full payment of the purchase sum.
- 8.5 If the buyer does not pay within the payment term and is therefore legally in default, AuctionNL BV has the right to revoke the purchase agreement in writing. AuctionNL BV also has the right to recover the entire loss, such as lower proceeds, and costs from the buyer and to immediately auction the auctioned objects or to do so later or to sell them privately. The negligent buyer cannot make any claim on any higher proceeds.
- 8.6 AuctionNL BV does not pack and/or ship purchased goods from the categories silver, jewelry, watches, gemstones, arts and antiques directly to the buyer. At the buyer's request, purchased goods from these categories can be shipped by one of AuctionNL BV's external shipping partners, who will quote and invoice the buyer - these shipping costs cannot be added to the invoice of the purchased goods from AuctionNL BV. If the buyer wishes to use a transporter other than the shipping partners of AuctionNL BV, he/she must inform AuctionNL BV timely.
- 8.7 Coins and banknotes can, at the expense and risk of the buyer, be sent by AuctionNL BV directly, by (registered) mail. AuctionNL BV reserves the right to refuse sending coins and banknotes by post and demand collection at the office in Klaaswaal.
- 8.8 AuctionNL BV has the right to waive the requirement for payment in cash and to supply goods sold on the basis of an invoice.

Article 9 Resale right

- 9.1 The resale right applies to artists from countries that are member states of the European Union and countries outside the EU where the resale right applies according to the law, up to and including 70 years after the year of death of the artist. The resale right compensation

is calculated from € 3,000 on the sales price including premium (excluding VAT) and is composed of the following percentages:

The amount of the resale right is determined as follows:

- 4% on the portion of the sales price up to and including € 50,000;
 - 3% on the portion of the sales price from € 50,000.01 to € 200,000;
 - 1% on the portion of the sale price from € 200,000.01 to € 350,000;
 - 0.5% on the portion of the sale price from € 350,000.01 to € 500,000;
 - 0.25% on the portion of the sale price above € 500,000.
- The maximum amount of the right may however not exceed € 12,500.

- 9.2 If it appears that a resale right has not been charged, although it is owed to the artist, the buyer will pay this right to AuctionNL BV upon first request.

Article 10 Collection term

- 10.1 The buyer is obliged to take away the sold lots him- or herself or have them collected within a period of time specified by AuctionNL BV. Subject to AuctionNL BV's right to specify a shorter or a longer term, the maximum term for collection is 10 days after the last auction day. Collection days are Monday - Friday between 10.00 and 16.00.
- 10.2 If the sold objects are not collected in a timely manner, AuctionNL BV shall apply a storage charge of 1% per week with a minimum of five euros per object per day starting from the date when the collection term expires.

Article 11 Liability

- 11.1 AuctionNL BV is not liable for any trading loss, consequential loss, financial loss and/or indirect loss.
- 11.2 AuctionNL BV is not liable for any accident or any form of damage suffered by someone in or nearby the buildings or premises used for storage and inspection or where the auction takes place or where the sold goods are collected, except in the case where the damage is caused by intent or the deliberate recklessness of AuctionNL BV and/or its hired assistants or employees and/or to the extent that AuctionNL BV is covered by an insurance.
- 11.3 People entering the buildings or premises do so at their own risk.

Article 12 Final provision

- 12.1 If a provision of these general sales terms and conditions is declared null and void, annulled or cancelled, the other provisions shall remain in force and AuctionNL BV and the buyer shall enter into discussions in order to agree about the replacement of the provision(s) declared null and void, annulled or cancelled with a new provision (or provisions) which must closely reflect the objective and purport of the provision(s) declared null and void, annulled or cancelled.
- 12.2 These general auction terms and conditions are governed exclusively by Dutch law.
- 12.3 All disputes concerning or arising from or connected to a sales agreement concluded between AuctionNL BV and the buyer, the establishment of a sales agreement or these general auction terms and conditions shall be submitted for adjudication exclusively to the court in Dordrecht, the right of AuctionNL BV to submit the dispute to a competent court in jurisdiction district of the buyer not being affected.
