Specialty Publications Editor

Julia Badders

Circulation

Kelvin Parker

The Keene Sentinel is pleased to present its second issue of Tributes, a biannual specialty publication devoted to the remembrance of those we have lost. The publication aims to honor the memory of the family and friends who have left a lasting impression in the lives of their loved ones and community members.

This edition includes all of the community members who were featured in our newspaper's obituaries section and have passed between December 1, 2023 and May 31, 2024.

*We hope you will take time to remember those that were lost
and to join us in a celebration of their lives.*

Tributes will be archived online
at www.sentinelsource.com/publications.
